Mustafa Sabbagh

Co-Founder
Chairman of the Board

More than a decade of war has left Syrians eager for positive change. The Syrian Forum aims to achieve the desired change through training, education, development, and economic empowerment.

The work we do is critical to developing qualified cadres capable of rebuilding Syria.

We believe that overtime Syrians benefiting from the Syrian Forum's work will in turn transform their communities and contribute to the Syria's salvation.

Ghassan Hitto

Co-Founder, Board Member
Chief Executive Officer

The Syrian Forum continues to grow and impact the lives of millions of Syrians every day.

Thousands of our team members and volunteers are tirelessly working to serve their communities and improve living conditions for Syrians.

Even though there is much more work to be done, the efforts being made are changing lives every day.

This year we will especially invest in continuing to develop professional humanitarian workers that have a holistic approach to development and that are relentlessly committed to improve the lives of others.

Ammar Kahf

Co-Founder, Board Member
Omran's Executive Director

As Syria is turning into a long-term conflict, our work becomes highly critical to keep the Syrian cause relevant while emphasizing a Syrian narrative of the social, economic and political files in Syria.

Our researchers, experts and humanitarian teams work closely with Syrians on the ground as well as decision makers around the world to empower the Syrian voice and provide reliable and actionable analysis and recommendations.

We produce quality research and engage with Syrians to push for change through an informed and systematic methodology, as well as create an impact on the discourse and framing of the Syria crisis.

M Yaser Tabbara

Co-Founder, Board Member
Chief Strategist

As founders of the Syrian Forum we always assumed that the road towards change requires a resilient, holistic strategy that takes into consideration the systematic destruction of the Syrian state and societies over decades of Syrian history.

Thus, our approach is comprehensive and our tools are various. We will continue to aspire to be a sustainable empowerment project for Syrians everywhere.

About Us

A multi-sectoral nonprofit organization dedicated to rebuilding Syrian lives, established in 2011

The Syrian Forum and its partners operate out of 26 offices in Syria, Turkey, Austria, the United States and Qatar

Employs 1,548 dedicated staff members

Vision

A stable and dignified Syrian society in Syria and abroad, that can build a just and prosperous future for its children, rooted in both contemporary universal values and Syria's rich culture and history.

Mission

To enhance social stability and economic self-reliance among Syrians affected by the conflict at home and abroad through sustainable development projects, educational opportunities, innovative job training and placement, effective self-governance, policy advocacy, and media representation.

Why Us

- Our programs are proven and innovative. We collaborate with organizations from around the world to address the most significant issues facing Syrians.
- Our team is capable, dedicated and constantly improving. Through special trainings and education programs, we continually invest in the professional development of our staff.
- Our organization is diverse. From different sectors and professional backgrounds, each staff member offers unique knowledge and skills. Most important, our team reflects the diversity of Syrian society.
- Our mission is empowerment. We enable Syrian communities to help themselves, to build their own future.

Objectives

- Empower and develop Syrian civil society and invest in local administration.
- Develop Syrian institutions in order to promote efficiency, integrity, and professionalism in civil society.
- Foster economic development and create employment opportunities for Syrians in need.
- Offer strategic solutions and policy alternatives in matters related to Syria and its surrounding region.
- Reinforce a political culture with the capacity to develop and strengthen democratic institutions in Syria.

Strategic Partners

Syrian Forum USA

Established in 2015 and operates through its offices in Chicago, Dallas and Washington DC, Syrian Forum USA works in partnership with the Syrian Forum to support programs related to economic empowerment, employment, research, and studies that target academics and decision makers through:

- Organizing 53 fundraising events to support humanitarian and development projects in Syria and Turkey, and provide a briefing on the Syrian situation in general.
- Sponsoring and attending local and national conventions and holding more than 36 town-hall meetings with various communities across the United States to raise awareness about the Syrian cause.
- Raising awareness of the Syrian crisis by hosting joint events with other Syrian American organizations such as Syrian American Medical Society (SAMS) and the American Relief Coalition for Syria (ARCS).

Syrian Forum USA earned GuideStar by Candid Gold Seal of Transparency, and is top-rated by GreatNonProfits.com

Local Administration Councils Unit (LACU)

وحدة المجالس المحلية

Local Administration Councils Unit

One of the most important partners of the Syrian Forum, as it focuses, through its programs, on the development of communities and local councils and activating local governance practices to serve the Syrian society and its individuals.

The Local Administration Councils Unit helps the Syrian society rise by providing local communities with active roles in running their operations, facilities, and resources through local services and administration units, in addition to reinforcing the concept of local administration by providing the services needed to support local councils in Syria, monitoring their work, building their capacities, and enhancing community participation in local governance, in line with the political and military changes.

Collaborations and Partnerships

Relief and Development

Our program works to provide Syrians with the most needed services to alleviate their suffering, foster economic and social development, and support a vibrant civil society.

We are dedicated to help Syrians realize self-sufficiency and secure new livelihoods through the following sectors:

Food Security
& Livelihoods

Shelter & NFI

How We Work

○ Needs Based ---

Our approach to programs is one that is built on listening to the local communities and identifying their needs through various assessment tools including key informant interviews, focus group discussions and sample surveys.

○ Strong Program Design

The programs department takes the identified gaps and creates a program that aims to address the root causes of these needs. Key community leaders and local councils are often consulted at this stage to better understand the feasibility of such programming.

○ Institutional Support

The program works to support local councils and community based organizations by implementing joint projects, programs, and workshops.

○ **Quality Implementation**

We placed a concerted effort in building the capacity of all staff, including those on the front line. The experience of the staff has contributed to their ability to implement programs with high quality, ensuring the integration of key stakeholders and in line with the humanitarian principles.

○ **Monitoring, Evaluation, Accountability and Learning**

Through this function, we are able to monitor the outputs of programs and measure their impact throughout baseline and endline assessments. It also provides access to beneficiaries to give their feedback and complaints. Our MEAL department allows us to learn lessons from previous projects and apply them moving forward in order to strengthen our future programming.

○ **Internal Audit**

The department works on reviewing all the operations of the program and ensuring that the policies and procedures adopted are followed, in addition to developing suggestions and recommendations that contribute to the internal control process and raise the level of professionalism and transparency within the organization.

○ **Policies and Standard Operating Procedures**

The departments operate within policies developed based on the requirements of each department. Each of these policies follows the standard operating procedures, which explain the mechanism of work within the departments in detail, in addition to the roles and responsibilities of those within the department.

Development Projects

- Providing seeds and fertilizers to 550 farmers to encourage intercropping between olive trees and providing pesticides for 35,750 olive trees.
- Supporting 1,039 beneficiaries, including 80 widows, through the cash-for-work program in projects such as olive harvesting and masks production.
- Establishing a cow farm with 30 cows, and providing fodder and veterinary care to another 200 cows.
- Training 663 farmers on best agricultural practices.
- Distributing \$12 fuel vouchers for irrigation, plus \$60 agricultural vouchers for 800 beneficiaries to be exchanged with fertilizers, pesticides, and agricultural tools.
- Providing 73 farmers with wheat seeds, fertilizers, pesticides, and supporting irrigation, packaging, and marketing processes for the wheat crops.
- Distributing 50 solar power units to encourage the use of alternative and renewable energy in irrigation.
- Installing 40 biogas production units.

- Establishing a veterinary laboratory in A'zaz and providing technical training to 81 veterinarians and local veterinary service providers.
- Distributing 600K washable face masks to more than 120K families.
- Vaccinating 18,600 cows against Lumpy skin and foot-and-mouth diseases.
- Supporting 100 farmers with agricultural inputs to encourage summer vegetable cultivation.
- Vaccinating more than 570K sheep and goats against sheep pox.
- Vaccinating more than 2M chicken and bird against Newcastle disease.
- Distributing 2,000 chicken to 200 families.

Rapid Response

- Free bread distribution to 12K families in A'zaz, Jarablus and Al-Bab.
- Distributing 8K food baskets to more than 41K beneficiaries in 34 communities, 36 formal camps and 39 informal camps in northwest Syria.
- Distributing more than 86K food vouchers with an amount of \$50 - \$60/family, to 434K beneficiaries in 67 communities, 30 formal camps and 17 random and informal camps in northwest Syria.

Small Business Grants "Since Establishment Through 2021"

The projects targeted families headed by women or people with special needs who can work and generate income.

The projects relied on a specific structure and action plan that begins to build the capacities of the beneficiaries by training them on small projects management, planning of activities and budget, market study and profit calculation.

To help the beneficiaries display and sell their products, a marketplace was established with 50 sale point, a marketing exhibition was also launched where beneficiaries were able to display and promote their products,

The proposed projects included:

- Grocery
- Clothing shop
- Sewing machines
- Stationery shop
- Dairy production
- Beauty salon for women
- Mobile phones maintenance
- Household tools and accessories

Housing Units Built

Shelter

- Constructing 408 housing units in Afrin and A'zaz to provide adequate shelter to more than 2,400 beneficiaries.
- Preparing houses and shelters to meet the needs of 171 beneficiaries with special needs.
- Providing plastic sheets to insulate more than 2,400 tents in 21 camps to enhance their living conditions during winter.
- Rehabilitating 1,094 houses and 4 collective shelters for more than 1,600 displaced families.
- Rehabilitating 144K m2 of camps, including roads gravelling and sewage system rehabilitation.

Non-Food Items

- Distributing more than 64K multi-purpose cash vouchers, \$100/family, targeting 321,845 beneficiaries in 82 villages, 36 formal camps and 43 informal camps.
- Distributing 2,996 kitchen set for more than 14K beneficiaries in 14 villages and 5 informal camps.
- Preparing 2 warehouses for medical supplies in A'zaz and Sarmada, providing 491 drug kits to 125 health centers, 138 drug kits to 35 hospitals, and 1.5M services to patients' beneficiaries.
- Distributing more than 9K winter vouchers, \$150/family, targeting 45,310 beneficiaries in 11 villages, 23 formal camps and 29 informal camps.
- Distributing 4,500 blankets to more than 21K beneficiaries in 11 informal camps.

Water, Sanitation, and Hygiene (WASH)

872,166

Beneficiaries

\$5,419,732

Value of Implemented Projects

\$2,920,384

In-kind Donation

- Water, sanitation and hygiene services targeted 210 informal camps, 30 health centers and 19 schools.
- Rehabilitating 10 water networks and 11 water stations in 21 towns and villages in Idlib and Aleppo.
- Construction and maintenance of 2,889 toilet blocks, and rehabilitation of 8 sewage systems in 8 villages.
- Providing operational support to water stations, including electricity (31 million kWh), fuel (600K liters), in addition to chlorine and workers' wages.
- Installing 259 drinking water tanks with 2 m³ capacity in informal camps, health centers and schools.
- Constructing 3 water networks, 5 water stations and 5 solar power systems in 13 towns and villages in Idlib and Aleppo.
- Distributing more than 329K jerrycans for water to 100K families in 110 informal camps.
- Distributing 980 containers, collecting and removing solid waste to landfills and desludging of septic tanks in schools, health centers and informal camps.

- Providing 35 liters/day of drinkable water to more than 200K beneficiaries.
- Distributing 61K posters and flyers, and conducting more than 134K awareness sessions on COVID-19 in 240 schools and informal camps.
- Distributing more than 400K hygiene and sterilization kits to more than 250K families.
- Providing employment opportunities and technical trainings to 277 beneficiaries through water sanitation, and hygiene projects.

Education

716,234

Beneficiaries

14,262

Beneficiaries with Special Needs

\$3,175,978

Value of Implemented Projects

- Targeting 1,755 schools, 124 educational points (classroom tents) and 6,246 beneficiaries of educational and administrative staff.
- Conducting back-to-school campaigns, and special courses for out-of-school students.
- Providing employment opportunities and monthly incentives to 1,437 educational and administrative staff.
- Providing transportation services for students living in areas far from their schools, and to students with special needs.
- Rehabilitation works for schools' windows, doors, and sanitary facilities, and providing proper insulation for tent classrooms.
- Providing schools with operational expenses, in addition to winter needs from fuel and heaters.

- Providing 1,527 students with school's expenses, \$25/student/semester.
- Distributing textbooks to more than 450K students in 1,184 schools.
- Providing teachers and students with educational materials and stationery kits.
- Conducting awareness sessions for students and their families on COVID-19.

Protection

384,784

Beneficiaries

\$5,087,855

Value of Implemented Projects

\$2,044,070

In-kind Donation

Women Support Program

- Cash assistance and food vouchers support through case management activities.
- Providing support to 5 camps for widows and orphans in northern Aleppo.
- Providing educational trainings: English courses, computer, and robotic programs for young girls.
- Providing vocational trainings such as sewing, handicraft, hairdressing, confectionery, and entrepreneurship.
- Distributing first aid kits and newborns kits
- Supporting gender-based violence cases through psychosocial activities and referrals to specialized sectors when needed.

Why Omran?

- Reinforcing the important role of policy research centers through reliable research outputs and community engagements related to the complex realities in Syria.
- Conducting objective evaluations of the transformations in Syria and proposing policies and recommendations that promote the Syrian narrative and Syria-tailored solutions.
- Engaging decision makers and public policy makers in Syria, countries in the region, and other countries with influence in Syria.
- Collecting and assessing field data and conducting regular visits inside Syria that expand our network and circles of influence and partnerships.
- Working in a systematic manner to build internal capacity of Syrian researchers through cumulative institutional knowledge that develop specialized scholarship in the different fields necessary for future Syria.
- Promoting a comprehensive reform agenda in Syria as an entry point for stability, security, and development.

Omran's Impact

Continuous engagement with public opinion and decision makers. Omran provides a range of solutions and policies that drive political change and stability.

Research Collaboration

- 28 research products published by Arab and international intellectual institutions.
- 18 research consultations for researchers and students working on Syria.
- 66 workshops in collaboration with research centers, institutions, and other parties.

Engagement with Decision Makers

- 61 events with local activists networks, Syrian NGOs, civil society organizations, lawyers, military experts, and scholars.
- 28 research meetings with Arab and international research centers and think tanks.
- 117 meetings/events with representatives of local, regional, and international states and political figures.

Social Engagement

- 732,409 people reached through social media and online platforms.
- 12,047 people engaged in meetings and dialogues .
- 12 agencies republished outputs of Omran, while 31 local and international institutions relied on the center's outputs as a main source for their published materials.
- 109 field meetings and activities inside Syria with local activists, including Ihsan's protection centers, Local Councils and Chambers of Commerce and Industry.
- 40 local, regional, and international media organizations engaged with the aim of informing the public on the developments and events of the Syrian issue.

Highlights

- Challenges and motivations of attempts to create a political umbrella organization east of the Euphrates [March \(En & Ar\)](#)

Research Training Programs

Omran completed 4 major training programs in 2021. The target audience were Syrian graduate students and Syria Students Union, both in Turkey and Syria.

Research Training Program

Istanbul, Turkey

36 students applied and 16 applicants were accepted.

19 theoretical and practical instruction courses were delivered by Omran team totaling 56 hours.

The 16 students were later split into 4 working groups and began their field research project under the mentorship of Omran Center research team for 6 months.

Training Program on Student Union Activism

with the Syria Students Union

The program was conducted in two phases with 5 sessions. Two sessions for student candidates and three sessions tailored for the elected executive committee of the Syrian Student Union.

56 students participated in this program; some of whom are currently in leadership positions in the Syrian Students Union.

Syria Cause Awareness Program Tailored

for the Syria Students Union

12 online lectures/workshops were conducted addressing the Syria cause timeline, major historical junctures, political, social, and economic files, approaches to organizing student unions, and other issues that further enrich the knowledge base of students and enhance their engagement in public spaces.

Research Training Program

A'zaz, Syria

In cooperation with Free Alepp University, 141 students applied to Omran's Research Training program, and 18 graduate students were accepted.

The program consisted of 40 theoretical and practical instruction hours, followed by 5 months of mentored field research.

The objective of the Istanbul and A'zaz programs was to familiarize young researchers with the cumulative knowledge base, and research approaches and methodology developed by Omran Center as a policy research center.

It highlighted the importance of think tanks, and mechanisms of how public policies are developed and evaluated.

Omran also presented an in-depth analysis of Syria's current affairs, its transformations, potential trends in the political, security, governance, developmental, and economic levels.

The program followed a systematic and methodical approach to build the capacities of young researchers in order to present a Syrian narrative on the Syrian affairs.

Research Projects

The Syrian Social Contract from Local Perspectives

The project aimed to develop a grassroots-based framework and approach for a national guidebook on “Shared Principles of the Social Contract.”

This was implemented through a series of activities that targeted different segments of influential local figures and Syrian communities both inside Syria and in main refugee hubs.

The discussions focused on shared values across Syria and constitutional principles that could be a common ground for national dialogues.

Omran researchers produced several research papers that may serve as important reference documents on the topic.

Communities as Drivers of Stability and Cohesion

In its second phase that started in 2021 and continues throughout 2023, the project aims to better understand local communities and factors affecting social cohesion and stability, to empower actors in local communities, and to assess challenges related to governance, economic recovery, and community reconciliation.

All of this is achieved through a participatory dialogue methodology applied at the local and national levels to bond and bridge actors in the respective target audience.

The dialogues build on the collective knowledge base to formulate shared principles and solutions according to legal, societal, and institutional requirements that contribute to building solidarity, restoring trust between Syrians, and alleviating the negative effects of the conflict on local communities.

In the coming year there will be multiple activities and outputs of this project including research papers, focus group dialogues, local and national dialogues, and interviews with key local actors.

The Autonomous Administration: A Judicial Approach to Understanding the Model and Experience

(Ar & En)

This study attempted to examine the judicial authority in north-east Syria as an entry point to stability policies. The study consisted of seven chapters that assessed the nature, structure and working mechanisms of the judicial system in its various institutions and levels.

The first chapter outlined the philosophical origins and theories that the Autonomous Administration adopted in its administrative model, including the judiciary.

The remaining five chapters presented in-depth case studies of the five judicial districts declared by the Autonomous Administration.

The last chapter provides a concluding summary of the most prominent challenges and factors that hinder the work of the sector considering any future stabilization policy in the region.

Events and Conferences

Hosted by Omran

A'zaz, Syria

- Caesar Syria Civilian Protection Act: A reading in the context of the sanctions and their economic and political impacts. A dialogue session with the Political Committee of Idlib Governorate.
- A visit to Free Aleppo University. The meeting aimed to strengthen cooperation with the faculties of Political Sciences and Economics in order to develop the research and professional skills of current students and graduates.
- Indicator of Arab Normalization with Assad: A Reading of the Rationale and Expected Scenarios. A dialogue seminar held in cooperation with the Local Administration Councils Unit (LACU) focused on the precursors of normalization with the Assad regime, its political and security contexts, and the positions of regional and international states.
- A visit to Sham International University in the liberated areas of Syria. The visit aimed to increase collaboration efforts with Omran and hold joint activities that benefit students.
- A visit to the Free Council of the Aleppo Governorate. The discussion focused on ways to enhance the council's effective communication and outreach efforts with local councils in order to synchronize and better respond to community needs.
- American and European Economic Sanctions on the Syrian Regime: A research symposium with Free Aleppo University.
- A Frozen Conflict Scenario and its Impact and Possible Trajectory: A research symposium with Free Aleppo University, Faculties of Law and Political Sciences, and Media Academy.

Jarablus, Syria

A visit to strengthen collaboration efforts with the Local Council of Jarablus City and discuss Omran's upcoming dialogues and better understand local dynamics and challenges within the governance sector.

Qabasin, Syria

A visit to the Local Council of Qabasin City to discuss field developments and security challenges in the region and enhancing joint cooperation projects.

Akhtarin, Syria

Evaluating Living and Economic Conditions: A workshop in cooperation with the Chamber of Commerce and Industry in the town of Akhtarin in rural Aleppo.

Afrin, Syria

Collaborations and Partnerships

Development and Innovation

Our program provides comprehensive trainings to equip institutions and the next generation of Syrian individuals from both genders, with the knowledge and skills necessary to rebuild their communities. We strive to train more individuals, boost their impact on society, and secure a solid foundation, upon which a new Syria will be built.

To achieve this, the program focuses on:

Capacity Building
and Development

Civil Development
and Civic Engagement

Women and Youth
Empowerment

Social Cohesion
and Peace Building

Discussions

Civic Awareness

This project aimed to strengthen the participation of the general public in civil society activities by increasing their ability to be informed community members, strengthening community justice, and giving communities the tools they need to resolve disputes and build peace through training courses, and discussions about democracy, citizenship, social capitalism, and human rights.

300

Projects

\$3,000

Amount per Grant

Supporting Craftsmen with Administrative Training and Production Assets

The project targeted a group of craftsmen giving them training on small project management based on their own proposal. The submitted small business projects were evaluated by a technical committee and the best proposals were chosen. The beneficiaries were assisted with renting a place and securing the needed equipment and materials to start work. The impact of the new small business project on their lives and their families' lives are evaluated in the long term.

Improving Resilience for Refugee Women and Host Community Women

The program aimed to encourage small and medium businesses owned by Syrian and Turkish women (host community) by building the capacities of **35 Syrian and Turkish women** to manage small businesses and launching a two-day local market (bazaar) to help promote their products and build networks.

Personal Protective Equipment and Safety and Security

The training targeted GOAL employees and focused on the importance of using personal protective equipment, cleaning and disinfecting surfaces to prevent the spread of the Coronavirus, and the safe use of sterile materials in addition to first aid procedures.

Why Alsouria.net?

Because the Syrian crisis has taken the backstage in most international and local media coverage, it is more important and critical than ever to have a Syrian media platform, Alsouria.net, to fulfil the following objectives:

- Professionally covering daily developments in Syria, and issues occupying the Syrian public opinion.
- Contributing to an improved and professional Syrian media culture that is more appealing to the Syrian public and respects the intellect of its readership.
- Contributing to the Syrian public opinion and discourse that engages positively with Syrian issues.
- Offering unique and professional journalistic content addressing the complex Syrian landscape.
- Preserving and reinforcing the narrative of the Syrian cause through a daily historic record on an objective national vision.
- Supporting free speech as one of the popular demands of the 2011 uprising.

"غليان شرق الفرات"(3): مقارنة "التجميد" الأمريكية واختبار "خطوة بخطوة"

28/11/2021

مشاركة

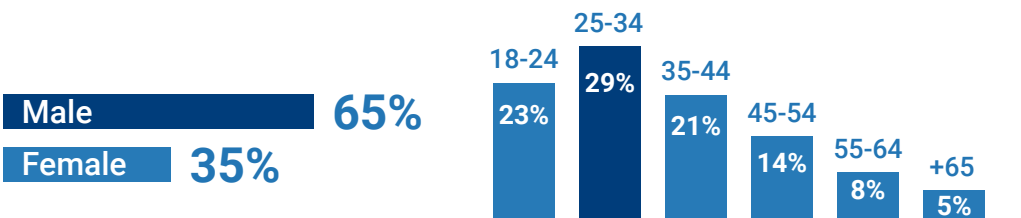

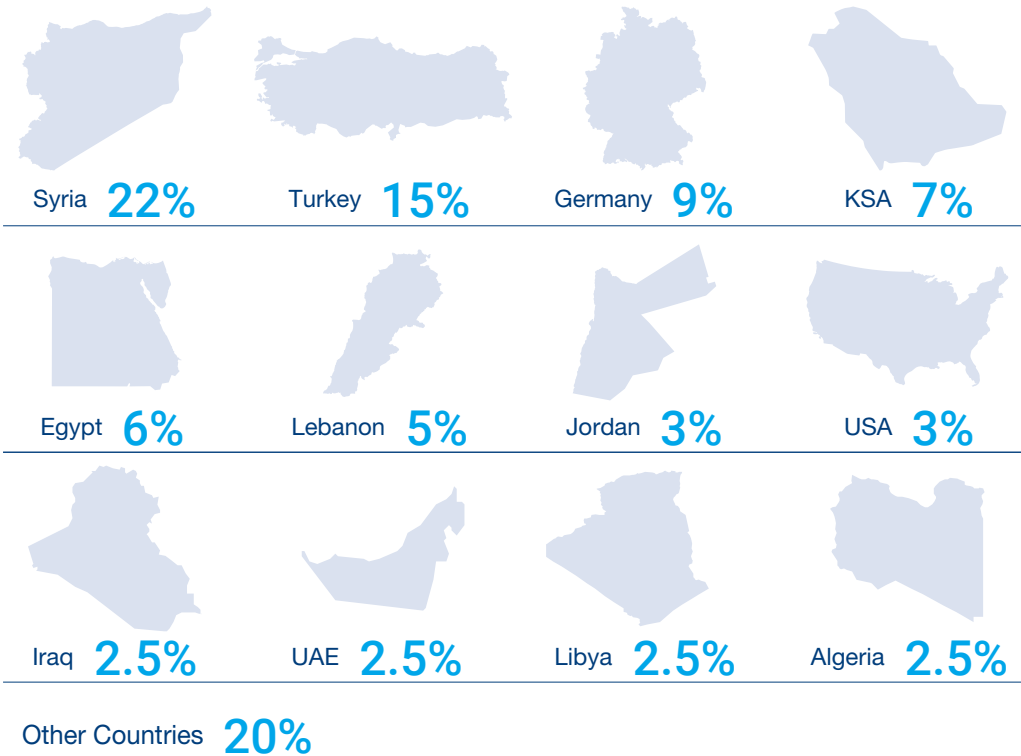

دفعت مجموعة مُتغيرات، بمناطق شرق الفرات السورية إلى واجهة الاهتمام مُجدداً؛ لعل أبرزها مؤخراً، **تهديدات** أنقرة العسكرية التي ارتفعت نبرتها في أكتوبر/تشرين الأول الماضي، قبل أن تخفت لاحقاً في الشهر التالي؛ لكنها مع سلسلة تطورات متزامنة (كتزايد التحركات الروسية هناك عند مناطق نفوذ أمريكية، وإعادة إحياء مسار التفاوض بين "فسد" ونظام الأسد، وقبل ذلك وصول إدارة جديدة للبيت الأبيض سرعان ما سحبت قواتها من **أفغانستان**)، أدت لغليان في مناطق شرق الفرات، تجلت معالمه في سلسلة لقاءات وتحركات وتدفق هائل في التصريحات والمواقف للقوى المحلية والدول المعنية.

وتشير موقع "السورية نت" هذا الأسبوع جزئياً من سلسلة "غليان شرق الفرات"، ركز الأول الذي جاء بعنوان: **"فسد بين الضغط التركي-الروسي وثلاثة سيناريوهات"**، على مراحل التفاوض بين "الإدارة الذاتية" ونظام الأسد، من حيث دوافعها وتطوراتها، أوراق كل طرف فيها، ومآلاتها.

بينما جاء الجزء الثاني الذي حمل عنوان **"خلفيات التحركات الروسية واحتمالات توسيع السيطرة"**، ليحاول الإجابة عن مجموعة تساؤلات حول سياقات هذه التحركات، وأدوات و**تكتيكات روسيا** فيها، وما إذا كانت تمتلك مقاربة واضحة، وإمكانية تحقيقها، في مناطق لطالما عُذت ضمن نفوذ واشتدتن.

يأتي هذا الجزء الثالث والأخير، لبحث في مقاربة البيت الأبيض، لمسألة تواجد ومستقبل القوات الأمريكية في شمال وشرق سورية، من حيث شكل وأسباب هذا التوضع العسكري، وقراءة الموقف الحالي، مع محاولة رسم ملامح "الاستراتيجية" الأمريكية في المنطقة، واستشراف مستقبل هذا التواجد العسكري، المرتبط كما يبدو بحالة "ستاتيكو" على الأرض، واختبار سياسة **"الخطوة بخطوة"**.

Geographic and Demographic Reach

Alsouria.net as a Source and Reference

Alsouria.net's content reach exceeded 11,034,076 in 2021. The news site was also referenced in multiple news agencies, think tanks, and academic research publications.

Media Coverage Highlights
